---

This being my first year, I feel that I have not done as well, perhaps, as someone more used to this work, but if I should do it another year I wish that the people in town that read these books would help select them. If there are any books that any one would like if they would let me know it would help me a whole lot, and you would get what you want. Now lets work together and build up a library that will interest the old and young, and be a credit to the town.

Respectfully submitted,  
CHARLES H. JOHNSON, Trustee.
